EACH PARTNER MATTERS

SANSKRITI

Sanskriti is truly a tradition in education with the motto 'Each Child Matters'.

The brand "SANSKRITI" was established in the year 2001, it is the passion of two young and dynamic "edupreneurs", Mrs. Revati Raju and Mrs. Yamini Raju. They envisioned pushing the boundaries of traditional education and worked towards establishing a transformative academy to ensure the next generation, which will be an asset to both nation and as global citizens. Providing 20+ years of quality education, Sanskriti is now a family of 3000 plus students and 60 franchisees all throughout south India.

SANSKRITI GLOBAL PRE-SCHOOL

A Revolution in Pre Primary Education

Sanskriti Global Pre-School endeavours to transform the pre-primary education landscape with its unique schooling paradigm, singularly focused on affording a life-changing experience for children in the formative years.

BUILDING A COMMUNITY OF LIFE LONG LEARNERS:

At Sanskriti we ensure smooth transition from pre-primary to primary education. A diversified learning environment is provided at Sanskriti to develop every student's varied potential. Teachers at Sanskriti take up the role of a facilitator and motivate students to be independent thinkers. Play way Method, Enquired Based Learning, Multiple Intelligence among other teaching strategies make children active and self-motivated in the learning process.

Additionally, the language, cognitive, socio-emotional fine and gross motor developmental milestones are

observed and recorded on a regular basis and complied in the Performance Indicator for each and every student.

Sanskriti in partnership with parents and guardians serves as a bridge between the child's family and social life. All activities (academic and non-academic) are developed to stimulate the student's interest and foster a balanced development of the physical, intellectual, social and ethical aspects.

All topics of literacy, numeracy and EVS are graded as per age requirements right from Nursery to PP-II. Second Language is also introduced in PP-II, which lays the foundation for the same.

Sanskriti Primary School (Grade 1 to 5)

At Sanskriti Primary School (Grades 1 to 5), we maintain a caring and supportive relationship with every child and give them the self-confidence to tap into their potential. All activities conducted are tailored to unlock the best in every student. Imago curriculum introduced in the primary classes exposes them to a series which merges different faculties into a good blend of fun learning. From reading inspirational stories infused with functional grammar to mastering the ability to establish connection between theory and practical, the academics in the primary stage focuses on holistic development. Introduction of topics using Multiple Intelligence and Enquiry Based learning ensures that every student not only showcases their talent but also be inquisitive and ask the right questions.

Middle School (Grades 6 to 8)

The middle school works on providing the students with a great learning environment focusing on integrated learning, practical activities and enquiry-based projects. Language is strengthened through a variety of speaking and reading activities. Through activities conducted in the language classes, mentors also focus on building meaningful peer relationships among students. We have also introduced Integrated Math and Science for the middle school, to help concretize theories, presenting a cohesive learning paradigm based on real life application. Activities conducted in class help students understand abstract concepts also serving as a ladder to increase student's engagement and achievement. STEM classes are also conducted on a regular basis.

Secondary and Senior Secondary (Grades 9 to 12)

Self initiated learning and exploration is the primary focus in among this age group. Monitoring is conducted to make the students' technically proficient problem solvers and career minded. Arduous training is provided by well-trained PGTs, with the prime focus on how to crack the board papers and other competitive exams. Inquiry based instructions given to the students to help them become more active in the learning process. Various Skill courses are also introduced in school with practical knowledge being given in the school's functional incubation centers. Special coaching is also given to students aspiring to take competitive exams.

Why Sanskriti Franchise?

- ✓ In-house curriculum from KG till grade 5 based on the learning outcomes set by NCF
- ✓ Integrated curriculum in Mathematics and Science from grade 6 onwards
- ✓ Various Skill Courses (as per the guidelines of CBSE) and providing functional incubation centers for the same
- ✓ Coaching for IIT and other competitive exam aspirants
- ✓ Placement of student at renowned International Universities.

Curriculum

Breaking the norms of traditional schooling and understanding the need of the 21st century student, Sanskriti has introduced an integrated curriculum called **IMAGO**.

It is based on the National Curriculum Framework. IMAGO is an integrated curriculum focusing on experiential learning. It is based on the Holistic Educational Model, focusing on the Seven Spheres of Developmental Approach, that is the 7 C's being: Creative, Critical Thinking, Collaborative, Conceptual, Connection, Comprehension and Cultural. IMAGO curriculum aims at giving a head start to all its students with global- standard learning environment featuring transdisciplinary teaching methodology.

Sanskriti uses Learn-O-play, an educational aid where learning naturally happens through play. These aids made with felt material, are eco-friendly, colourful and attractive.

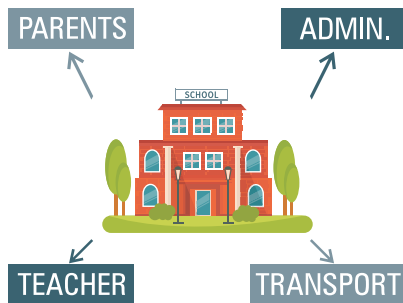

Learn-o-play aids help in the overall development of the

child with special attention given to the enhancement of fine motor skills and visual spatial skill (eye hand coordination). These aids give an opportunity to the children to explore their sensorial, motor, emotional and intellectual potential. It also enhances their creative and memory skills.

Sanskriti Learning App:

It is parent assisted Digital Learning App tailormade for the preschool children. It is a highly effective, evidence-based, early childhood education mobile application modelled on educational values and appropriateness of mobile content.

- Fun, age appropriate and enriching learning experience
- Comprehensive feedback for continuous improvement
- Highest parent engagement to influence child's progress.

m-Sanskriti:

m-Sanskritiapp, a new age digital school diary, serves as a communication tool between the school and all stakeholders. It enables teachers to send out assignments, notifications, reminders, progress cards etc and thus maintain consistent communication.

Sanskriti Global Preschool, Velachery is extremely happy to be a part of Sanskriti family. At Sanskriti Global Preschool we focus on the holistic development of a child. Our curriculum IMAGO is not only has the content chosen thematically, but also focuses on integrated learning and caters to different styles of learning in children.

Mr. Iniyan
Master Franchisee

I am very happy to be associated with Sanskriti Global Preschool as a franchisee. Our curriculum IMAGO is to focus on the 7C's which is very important keeping in mind the changing times. Our parents are happy for their overall development of the child at Sanskriti Global Preschool.

Ms. SHALINI
Franchisee, Bangalore

I am happy with Sanskriti. Our curriculum is our strength, IMAGO curriculum which we follow emphasis on not just academics but also on the physical, spiritual, emotional, intellectual capacities of the children along with a strong sense of humanity and social consciousness
